

PBPA

This weeks article is going to focus on a topic not computer related at all. Many of you probably know that I am a member of the Powell Business and Professional Association (PBPA). I have been an active member for the past 5 years and am proud of the projects our associations have sponsored through the years. Some of which include setting up scholar ship funds for Powell High School Graduates, providing an Easter egg hunt for the younger citizens of Powell, and providing a winter wonderland we call Santa Land during the Christmas Season. These are just some of the services that our PBPA members provide to this great community and we work on adding more projects at each meeting.

This week you will be receiving the all-new edition of the PBPA Directory in your Powell Post. This directory is a listing of over 100 Powell Business members that are dedicated to improving our community. The directory will be set up similar to your phone book and will include phone numbers for local schools and contact information for local and national politicians. The directory will also include pages of coupons that feature special money saving offers.

I urge you to seek out this truly special directory and support the PBPA members in this book. Without your patronage our members would not be able to offer the Powell Community so many great community projects. If you do not get a directory in this weeks Powell Post please check out these PBPA member locations to get your copy. Stop by and visit with Knoxville Reality, Computer Depot, Imagine This, Powell Post, and NBC Bank.

PS. If your business is located in Powell and you would like to become a member of this service-oriented organization then please join us during one of our meetings. We currently meet at Ramsey's restaurant or Donna's Dinners at noon on the second Tuesday of every month, call ahead for currant months meeting location. If you need more information about the PBPA or this directory please call Thomas Hill of Computer Depot at 947-0749 or Currant President Lee Nickel of Edward Jones at 938-5978.
